PROGRAMAS DE DOUTORAMENTO FCT

An Interdisciplinary Ph.D. Programme in the Conservation and Restoration of Cultural Heritage

Applications are now open, both for admission into the PhD Course and for 8 PhD grants.

The closing date for applications is the 16th of November, 2017.

Results for PhD applicants will be communicated by the 30th of November, 2017.

Results for PhD grants will be communicated by the 16th of December, 2017.

The final award of the grants depends on providing the required documentation and on the FCT-MCTES budget.

CORES will admit a total of 10 students each year. The duration of a PhD grant is 4 years and is guided by Portuguese Science Foundation regulations, www.fct.pt/apoios/bolsas/estatutobolseiro.phtml.en

Admission to the programme is based on the candidate's cv and an interview, for more details see www.dcr.fct.unl.pt and "Edital". The Selection Committee works with a qualified group of experts which are listed here.

Applications are submitted online at <http://www.fct.unl.pt/candidato/doutoramentos>. If you want to submit a PhD project you must use this template.

For more information, please, contact the Departmental Secretary, Ana Maria Martins (amam@fct.unl.pt) or the PhD Programme Director, Maria João Melo (mjm@fct.unl.pt)
