## **At dinner**

### **Thursday, 10 September**

We will have a get together cocktail party prepared by a wonderful chef, Augusto Gemelli. He is Italian and lives in Portugal for many years now, and I believe you will enjoy the beautiful and tasty appetizers he will prepares for us. In Portuguese these are called "petiscos", and we love to taste them accompanied by a glass of nice wine and the gaiety of friends. This will take place just after our last Thursday session, nearby, in the Library terrace.
